

‘The Arm Handle allows persons to open Pull handle doors without touching the door handle with their hands.’

Benefits / Specification

- Reduce spread of infection
- Reduce time spent disinfecting doors.
- Designed to grip to an existing door handle and be non-destructive so they can be removed later having caused no damage to the door.
- Easy to install, requiring only a wrench and allen key.

In the current climate every step should be taken to ensure possible transfer of Covid-19 is minimised.
